

# Curriculum Vitae

Name: Samuel Tesfaye

Address: Addis Ababa Ethiopia

Email: samueltesfaye2228@gmail.com

phone number: 0987275309

My Portfolio Link: <https://samua962.github.io/port>

## Personal Profile

Motivated and detail-oriented 4th-year Computer Science student with a strong foundation in software development, problem-solving, and competitive programming. Experienced in full-stack development, mobile applications, and system design. Passionate about building efficient, scalable solutions and contributing to innovative projects.

## Education

Admas University

Bachelor's Degree in Computer Science

Expected Graduation Year: 2018 January (EC)

## Skills

- **Programming Languages:** Java, JavaScript, C++, PHP
- **Web Technologies:** HTML, CSS, JavaScript, .NET Framework
- **Development Tools:** Git, Visual Studio, VS Code, Android studio
- **Concepts:** Data Structures, Algorithms, Object-Oriented Programming (OOP), Event-Driven Programming.
- **Mobile Development:** Android (Java, XML)

## Projects

### Student Registration and Management System (HTML, CSS, PHP)

Designed and developed a web-based system for managing student registration and records. Implemented secure authentication and database management using PHP and MySQL.

### Food Ordering and Delivery System (Android - XML & Java)

Developed an Android application for food ordering and delivery. Utilized Google Maps API for location tracking and order management.

### Human Resource Management System (.NET Framework)

Built a comprehensive HRM system for managing employee data, payroll, and leave requests. Integrated database management and role-based authentication.

### Employee Management System (C++)

Developed a data structure-based employee management system to handle employee records efficiently. Implemented linked lists and file handling for better data organization.

### JavaScript Mini Projects

Created interactive and dynamic web applications, improving frontend development skills. Applied DOM manipulation, event handling, and API integration.

### Advanced Portfolio Website (HTML & CSS)

Designed and built a fully responsive portfolio showcasing projects and skills. Emphasized modern UI/UX principles using only HTML and CSS.

### Competitive Programming & Problem-Solving

Strong problem-solving skills with experience in "data structures and algorithms".  
Passionate about optimizing solutions and improving coding efficiency.

### Languages

- **English:** Good (Speaking, Writing, Reading, Listening)
